

School Forms

It's that time of year again when many of our patients need school and sports physical forms filled out. It's an exciting time and we want to help make the process as simple as possible to get what you need. There are three different ways to get school forms from Garden Pediatrics, based on what the school accepts:

Option 1: Garden Pediatrics Standard School Form

If your school accepts Garden Pediatrics' standard school form, you can come to the office during normal business hours and usually receive this form within a few minutes. A sample standard school form can be found on our website.

Option 2: School-Specific Form

Some schools require forms specific to their school. Some of these forms are simple and some are rather elaborate. We will complete this form between 5-7 business days and will contact you at the number we have on file when it is complete.

Option 3: School-Specific Form with Rush Fee (\$15)

For a school-specific form that's needed urgently, we may be able to help. We will redirect resources and prioritize your form ahead of others to complete it by the end of the next business day.*

* Service timeframe not guaranteed
